Section 1. Owner's Easements of Enjoyment. Every owner shall have a right and easement of enjoyment in and to the Common Area which shall be appurtenant to and shall pass with the title to every Lot, subject to the following provisions:

(a) the right of the Association to charge reasonable admission and other fees for the use of any recreational facility situated upon the Common Area;

(b) the right of the Association to suspend the voting rights and right to use of the recreational facilities by an Owner for any period during which any assessment against his Lot remains unpaid; and for a period not to exceed 60 days for any infraction of its published rules and regulations;

(c) the right of the Association to dedicate or transfer all or any part of the Common Area to any public agency, authority, or utility for such purposes and subject to such conditions as may be agreed to by the members. No such dedication or transfer shall be effective unless an instrument signed by two-thirds (2/3rds) of each class of members agreeing to such dedication or transfer has been recorded.

Section 2. Delegation of Use. Any owner may delegate, in accordance with the Bylaws, his right of enjoyment to the Common Area and facilities to the members of his family, his tenants, or contract purchasers who reside on the property.

In the event that the need for maintenance or repair is caused through the willful or negligent action of a owner, his family, or guests, or invitees, the cost of such maintenance or repairs shall be added to and become a part of the assessment to which such lot is subject.

Section 3. Maximum Monthly Assessment. Until January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum monthly assessment shall be Twenty-Five and No/100 Dollars (\$35.00) per Lot.

(a) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum monthly assessment may be increased each year not more than 10% above the maximum assessment for the previous year without a vote of the membership.

(b) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum monthly assessment may be increased above 10% by a vote of two-thirds (2/3rds) of each class of members who are voting in person or by proxy, at a meeting duly called for this purpose.

(c) If the maintenance charge and assessment is not increased to the maximum allowed hereunder for any year, then in any subsequent year the maintenance charge and assessment may be increased to the maximum allowable for such subsequent year as if the maintenance charge and assessment had been increased to the maximum allowable for each and every year.

(d) The Board of Directors may fix the monthly assessment at an amount not in excess of the maximum.

Section 4. Special Assessments for Capital Improvements and Unanticipated Maintenance Requirements. In addition to the monthly assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto and for the purpose of defraying unanticipated and unusual maintenance expenses, provided that any such assessment shall have the assent of two-thirds (2/3rds) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 5. Notice and Quorum for Any Action Authorized Under Section 3 and 4. Written notice of any meeting called for the purpose of taking any action authorized under Section 3 or 4 shall be sent to all members not less than 30 days nor more than 45 days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the preceding meeting.

Section 6. Unimproved Lots Owned by Declarant or Builders. Declarant and builders shall pay fifty percent (50%) of the then existing full maintenance charge and assessment for each Lot owned by them unless and until a residential structure has been built thereon and is occupied, in whole or part, whether by tenants or homeowners. Thereafter, commencing on the first day of the next succeeding calendar month, the full maintenance charge then assessed shall become applicable. It shall be the duty of each builder to notify the Association at the time a residence has been permitted to be occupied. The term "builder" for the purposes of this Declaration is defined as any person, firm, corporation or other entity who is engaged in the business of building residential structures for sale, and not for his or its personal use or occupancy.

Section 7. Unimproved Lots Owned by Owners Other Than Declarant and Builders. Owners of the unimproved Lots other than Declarant and Builders shall pay one hundred percent (100%) of the then existing full maintenance charge assessment for each Lot owned by them.

Section 8. The Maintenance Charge. The assessments provided for herein shall commence as to each Lot on the date fixed by the Board of Directors of the Association to be the "date of commencement" for such Lots or upon the conveyance of the Lot to an Owner, whichever is first. The first assessment shall be made for the balance of the calendar year in which it is made and shall be payable on the date of the commencement above defined. The assessments for each calendar year after the first year shall be due and payable annually to the Association in advance on or before January 1 of each such subsequent year. Provided, however, that, upon the purchase of his Lot (as evidenced by the date of his Deed), each Member shall be obligated to pay to the Association a pro rata part of the applicable percentage (as determined pursuant to the terms hereof) of the regular maintenance charge assessed on such Lot.

Section 9. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of eighteen percent (18%) per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.

Section 10. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

Section 11. Exempt Property. All properties dedicated to, and accepted by, a local public authority and all properties owned by a charitable or nonprofit organization exempt from taxation by the laws of the State of Texas shall be exempt from the assessments created herein. However, no land or improvements devoted to dwelling use shall be exempt from said assessments.

ARTICLE VII Architectural Control Committee

Section 1. Approval of Plans. No building, structure, fence, wall or other improvements shall be commenced, erected, constructed, placed or maintained upon the Properties, nor shall any exterior addition to or change or alteration therein be made until the detailed plans and specifications therefor shall have been submitted to and approved in writing as to compliance with minimum structural and mechanical standards, location and situation on the Lot, and as to harmony of external design or location in relation to property lines, building lines, easements, grades, surrounding structures, walks and topography (including the orientation of the front and rear of any such building with respect to the Lot lines) by the Architectural Control Committee of the Association constituted as provided herein. The submitted plans and specifications shall specify, in such form as the Architectural Control Committee may reasonably require, structural, mechanical, electrical and plumbing detail and the nature, kind, shape, height, exterior color scheme, materials to be incorporated into, and location of the proposed improvements or alterations thereto. In the event said Architectural Control Committee fails to approve or disapprove such plans and specifications within thirty (30) days after said plans and specifications have been submitted to it, approval will not be required and the provisions of this Section will be deemed to have been fully complied with; provided, however, that the failure of the Architectural Control Committee to approve or disapprove such plans and

specifications within such thirty (30) day period shall not operate to permit any structure to be commenced, erected, placed, constructed or maintained on any Lot in the Properties in a manner inconsistent with any provision of this Declaration. Without limitation of the powers herein granted, the Association's Architectural Control Committee shall have the right to specify requirements for each Lot as follows: minimum setbacks; the location, height and extent of fences, walls or other screening devices; and the orientation of structures with respect to garage access and major entry and frontage. The Architectural Control Committee also shall have full power and authority to reject any plans and specifications that do not comply with the restrictions herein imposed or meet its minimum construction requirements or architectural design requirements or that might not be compatible, in the sole and arbitrary discretion of the Architectural Control Committee, with the design or overall character and aesthetics of the Properties.

In the event of death or resignation of any member or members of the Architectural Control Committee, the remaining member or members of the Architectural Control Committee shall appoint a successor member or members, and until such successor member or members shall have been so appointed, the remaining member or members shall have full right, authority and power to carry out the functions of the Architectural Control Committee as provided herein, or to designate a representative with like right, authority and power.

Section 4. Term of Architectural Control Committee. Each respective member thereof shall serve for a term of ten (10) years from the date hereof. Thereafter, all powers of each such Committee shall vest in respective Boards of Directors for each Association (excluding the Master Association), and such Directors may elect to appoint another Committee or resume their powers and responsibilities themselves.

Section 5. Transfer of Authority to the Association. The duties, rights, powers and authority of the Architectural Control Committee constituted hereby may be assigned at any time, at the sole election of a majority of the members of such Committee, to the Board of Directors of the Association, and from and after the date of such assignment, and the acceptance thereof by such Directors, such Board of Directors of the Association shall have full right, authority and power, and shall be obligated, to perform the functions of such Architectural Control Committee as provided herein, including the right to designate a representative or representatives to act for it.

Section 6. Minimum Construction Standards. The Association's Architectural Control Committee may from time to time promulgate an outline of minimum acceptable construction standards and specifications (including, without limitation, a limited number of acceptable exterior materials and/or finishes), which shall constitute guidelines only and shall not be binding upon such Architectural Control Committee or in any manner determinative of the approval or disapproval by such Committee of submitted plans and specifications.

Section 3. Annexation. Other lands may hereafter be annexed into the jurisdiction of the Association in the manner herein described. Provided, further, that the Master Association may affect the entire Properties pursuant to its rights herein provided.
